STATE OF NEW HAMPSHIRE

In the Year of Our Lord One Thousand Nine Hundred and thirty-nine.

AN ACT relating to the charter of the City of Somersworth.

Be it enacted by the Senate and House of Representatives in General Court convened:

1. Interpretation. The original charter of the City of Somersworth, chapter 171, Laws of 1893, and any amendments are hereby repealed as far as inconsistent herewith but otherwise are in full force and effect.

2. Municipal Elections. Municipal elections shall be held on Tuesday next following the first Monday in November beginning with 1939 and biennially thereafter. Excepting moderators, supervisors of the check-lists and officers elected or receiving appointments in manner otherwise provided, all city and other officials shall be chosen at such municipal elections.

3. Council. At the municipal election to be held on the Tuesday following the first Monday in November, 1939, and biennially thereafter, each ward shall elect two councilmen. The term of office of each shall be for two years and until his successor shall be chosen and qualified in his stead.

4. Administration. The administration of the fiscal, prudential and general municipal affairs of said city and the government thereof shall be vested in one principal officer to be called a mayor and a

board of ten members to be called the council. The mayor and council shall act as one body to be called the city council.

5. Mayor. The mayor shall be chosen at the municipal election for a term of two years and shall receive a salary of seven hundred dollars per annum. He shall have a negative upon all the acts of the council to which his veto power would extend had the city government herein constituted provided for a board of aldermen, and such veto shall extend to individual items of appropriation. He shall preside in the meetings of the city council, but shall have no vote except in case of an equal division. In the absence of the mayor, the council may elect by ballot one of the members chairman who shall have all the powers of performing all the duties of the mayor during such absence, or during disability or a vacancy in office from any cause.

6. City Clerk. The mayor and city council shall take their respective oaths on the first Tuesday of January following their election, and at such time shall choose by ballot a city clerk whose term of office shall continue for two years, and until another shall be chosen and qualified to act in his stead. The term of office of the city clerk, elected on the third Tuesday of March, 1937, is hereby extended to the first Tuesday of January, 1940.

7. Selectmen. At the municipal election to be held on the Tuesday following the first Monday in November, 1939, and biennially thereafter three selectmen shall be elected by and from the qualified voters of each ward who shall hold their respective offices for the term of two years and until others shall be chosen and qualified to act in their stead.

8. School Board. At the municipal election to be held on the Tuesday following the first Monday in

November, 1939, and biennially thereafter, one member of the school board shall be elected from each ward for a term of two years. The city council shall, between the third and the last day of January, 1940, and biennially thereafter, elect five members of said school board to serve for two years each. The persons so elected by the said wards and the city council shall be residents of said city and shall constitute said schoolboard and their terms of office shall begin on the first Tuesday of February next after their respective elections.

9. Tenure of Office of Present Officers. The term of each officer elected at the annual municipal election, except the school board, whose term would otherwise have expired in March, 1939, is hereby extended to the first Tuesday of January, 1940, and the term of each other such officer of said city holding office prior to said first Tuesday in January, 1940, shall expire on said date. The term of office of each member of the school board elected at the annual municipal election whose term would otherwise have expired in April, 1939, is hereby extended to the first Tuesday of February, 1940, and the term of office of each other member of the school board holding office prior to the first Tuesday of February, 1940, shall expire on said date.

10. Appointive Officers. In order that the purposes of this act for holding the municipal election biennially instead of annually may be carried out the mayor and council are hereby authorized to extend the term of office of persons who terms under said appointments would otherwise expire prior to the first Tuesday of January, 1940, to said date.

11. Takes effect. This act shall take effect upon its passage.

Ansel N. Sanborn,
Speaker of the House of Representatives.

Robert V. Blood,
President of the Senate.

Francis P. Murphy,
Governor.

Approved March 1, 1939.

PETITIONS

Boston, Mass., March 1, 1939.

To His Honor, the Mayor, and City Council:

Gentlemen: Pursuant to Chapter 20, Section 1, of the Ordinances of the City of Somersworth, I request the issuance of a permit for the erection of a two-story block to contain a store on the first floor, and storage and office on the second floor. The entire area will be leased as a Ben Franklin department store, 5c, 10c, $1.00 and up.

The location is 69-71 High street, on land which I now own. The store will have a frontage of 49 ft. and a depth of 55 ft.

The walls of the first floor will be entirely of brick and concrete. The front will be plate glass and Carrara glass decoration, with three sets of doors entering the store.

The second floor will be a frame structure covered with asbestos siding and will be built over the rear wall 49 feet wide but only extending out a distance of 25 ft. from the rear line of the store. In other words, the second story part will be used for offices, toilet rooms and general storage of merchandise.

The first floor will be used entirely for the sale of merchandise.

Owing to the character of the lot, there will be no basement under the building except such space as will be required for the heating plant.

The abutters are as follows: property to the north is owned by James A. Carrig; property to the south is owned by Prescott B. Kinsman; and the properties to the west on the other side of the lane running from Highland street are unknown to me. I understand the lane is a private way.

Very truly yours,

James A. Carrig,

By Sidney F. Hooper,
Construction Engineer.

The foregoing petitioner was granted a hearing March 28, 1939, at 7.50 p. m.

RESOLUTIONS

Somersworth, N. H., March 10, 1939.

Resolved:

That the Committee on Finance be and hereby is authorized and empowered to borrow, in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed one hundred thousand (100,000) dollars that the proper officers of the City be authorized to give the City's notes or note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed March 10, 1939.

Somersworth, N. H., March 28, 1939.

Pursuant to "An Act relating to the Charter of the City of Somersworth," approved March 1, 1939, by the State Legislature.

Be it Resolved by the City Council of the City of Somersworth:

That the term of each appointive officer of said City, namely, to wit: Tax Collector, Street Commissioner, City Solicitor, City Treasurer, Chief Engineer of the Fire Department, First Deputy Engineer of the Fire Department, Second Deputy Engineer of the Fire Department, One Assessor, Driver of Motor Ap-

paratus, City Messenger, Overseer of the Poor, Sanitary Officer, City Physician, Auditors, Fence Viewer, Field Driver, Surveyors of Wood, Bark and Lumber, Weighers of Hay, Coal and Straw, Water Commissioner, Trustee of Forest Glade Cemetery, and the term of any officer whose term expires prior to the first Tuesday of January, 1940, is extended to the first Tuesday of January, 1940.

Passed March 28, 1939.

Somersworth, N. H., June 8, 1939.

Resolved: By the Mayor and City Council of the City of Somersworth:

That the Mayor be and hereby is authorized to execute a lease of the Somersworth Treatre to Peter M. Gagne of said Somersworth, for a term of ten years, beginning with the 8th day of June, 1939, for a monthly rental of two hundred and fifty (250) dollars, in accordance with the terms of an instrument which was duly read and approved by the City Council.

Passed June 8, 1939.

This indenture, made the 8th day of June in the year of our Lord one thousand nine hundred and thirty-nine, between the City of Somersworth, a municipal corporation, in the County of Stafford and State of New Hampshire, hereinafter called the party of the first part, and Peter M. Gagne of said Somersworth, hereinafter called the party of the second part.

WITNESSETH

That in consideration of the rent and covenants herein reserved and contained on the part of the party of the second part to be paid, performed and

observed; the party of the first part does hereby demise and lease unto the party of the second part the Somersworth Theatre located on Main street in said Somersworth, together with the easements and appurtenances thereto belonging.

To Have and to Hold for the term of ten years from the 8th day of June, 1939, unless sooner terminated as herein provided, yielding and paying therefor a monthly rent of two hundred and fifty (250) dollars.

It is further understood and agreed that the party of the second part shall have the right to renew this lease for a further term of ten years upon the same condition and terms herein expressed.

It is understood and agreed that the party of the second part shall have the right and privilege to repair or remodel the said theatre, at his discretion, during the leasehold term hereof; provided, however, that the remodeling of any part of the structure proper shall be done only with the approval of the standing committee of the City Council on Public Buildings; the party of the second part to be liable for all such repairs, alterations and improvements thereon.

It is further understood and agreed that the party of the second part, during the leasehold term hereof, shall provide heat for the entire City Hall; pay for all lights and power used in the Somersworth Theatre; pay for all water supplied to said theatre; and provide his own janitor services in said theatre.

It is further understood and agreed that the party of the second part shall, at his discretion, put in new seats in the balcony and on the main floor of said theatre; provided, however, that upon the party of the second part vacating the premises and ceasing to use the Somersworth Theatre, so-called, for any rea-

son whatever, then upon the happening of such contingency all seats placed in the theatre by the party of the second part shall immediately become the property of the party of the first part; all present seats removed shall be the property of the party of the first part.

It is further understood and agreed that the party of the second part assumes all responsibility for any personal injuries or property damage caused in said theatre, or appurtenances thereto, during the leasehold term or renewals thereof.

The party of the second part does covenant and agree to rent said theatre to any local church, local school, or any incorporated local organization any Monday during the leasehold term hereof except Mondays falling on holidays, at the rate of twenty dollars per evening and ten dollars per matinee; said rent to be collected by and payable to the party of the second part. Provided, however, that thirty days' notice in writing shall be given to the party of the second part by any local church, local school, or any incorporated local organization desiring to rent said theatre for each Monday desired.

It is further understood and agreed that the City Government of Somersworth is to have the use of said theatre when needed on any day for municipal functions without charge.

It is further understood and agreed that this lease shall not be assigned by the party of the second part to any person or corporation, except to a member of his immediate family, without the approval of the Mayor and City Council.

And the party of the second part does covenant to quit and deliver up the premises to the party of the first part, or its attorneys, peaceably and quietly at the end of the term, in as good order and condition, reasonable use and wear thereof, fire and other unavoidable casualties excepted, as the same now are

or may be put into by the said party of the first part; and not to make or suffer any waste thereof; and not to carry on any offensive or unlawful business upon said premises; and not to lease, assign, underlet, or permit any other person or persons to occupy or improve the same; or to make or suffer to be made any alterations therein; except as hereinbefore provided, but with the approbation of the party of the first part may enter to view and make improvements; and to expel the party of the second part if he shall make or suffer any strip or waste thereof or fail to perform each and all of the covenants herein.

And Provided Also, that in case of the insolvency or bankruptcy of the party of the second part; or the appointment of a receiver or trustee for the party of the second part; or the devolution upon any person by operation of law of the occupancy of the party of the second part other than members of his own immediate family or heirs-at-law, then and in such case the party of the first part may re-enter and this lease shall immediately become nul and void.

And Provided Also, that in case the premises or any part thereof during said term be destroyed or damaged by fire or other unavoidable casualty so that the same shall be thereby rendered unfit for the use and occupation hereby intended in this lease, then and in such case the rent hereinbefore reserved, or a just and proportionate part thereof, according to the nature and extent of the injuries sustained, shall be suspended or abated until the premises shall be put in proper condition for the use intended by this lease by the party of the first part, or these presents shall be thereby terminated and ended at the election of the party of the first part or its legal representative.

In Witness Whereof the party of the first part has caused these presents to be signed in its name, and its corporate seal affixed hereto by its Mayor, Alfred

J. Boucher, duly authorized for this particular purpose, and the party of the second part has hereunto set his hand and seal the day and year first above written.

City of Somersworth, New Hampshire,

By Alfred J. Boucher, Mayor.
Peter M. Gagne (L. S.).

Signed, sealed and delivered in the presence of
Rhenda Robinson,
Napoleon A. Berube.

Somersworth, N. H., June 8, 1939.

To His Honor, the Mayor, and City Council:

Gentlemen: Your Committee, to whom was referred the matter of drawing suitable resolutions on the death of our late Councilman, George T. LeBel, beg leave to submit the following:

Whereas, George T. LeBel, a long time resident and honored citizen of this community, Councilman and incumbent of other positions of trust covering a period of years, has recently deceased at said Somersworth; now be it

Resolved by the Mayor and City Council of the City of Somersworth: That we hereby testify to our respect for Mr. LeBel as a man, a citizen, and as one who has fulfilled the various duties of life in an able and faithful manner; capable and fearless; with unstained honor; his loss will be mourned by all with whom he came in touch.

Resolved that the City Clerk spread upon the records these resolutions, and that a copy of same be sent to his widow.

Passed June 8, 1939.

Somersworth, N. H., September 13, 1939.

Resolved: That the City Council of the City of Somersworth does hereby grant permission to J. G. Bergeron to construct a sidewalk on Indigo Hill road abutting the property of the Bergeron Sisters as requested in a petition dated July 31, 1939.

Said City of Somersworth not to be liable for the expense of said proposed construction of any liability incurred on account of such construction.

Passed September 13, 1939.

Somersworth, N. H., September 13, 1939.

Resolved: That due to further encumbrances brought on by the supervision of WPA Projects the City Council of the City of Somersworth hereby grants the payment of additional compensation to John R. Hodsdon for said supervision the sum of three hundred (300) dollars per year, payable in equal monthly payments. Said additional compensation to be retroactive to March 1, 1939.

This resolution to take effect upon its passage.

Passed September 13, 1939.

Somersworth, N. H., September 13, 1939.

Resolved: That, in accordance with the municipal bonds statute, and for the purpose of raising fifteen thousand (15,000) dollars for the construction and equipment of the new City Hall Building, the Finance Committee of the City Council and the City Treasurer are hereby authorized to prepare, issue and sell serial bonds to the amount of fifteen thousand (15,000) dollars. Said bonds shall bear the city seal and be signed by the Mayor and countersigned by the City Treasurer. The proceeds for the sale of said bonds shall be applied exclusively in payment of claims incident to the construction and equipment of the new City Hall Building.

Be It Further Resolved: That the said Finance Committee of the City Council and the City Treasurer be, and hereby are authorized to fix the time and place of payment of said bonds, the rate of interest of such bonds, and to provide for the sale thereof.

Passed September 13, 1939.

Somersworth, N. H., October 31, 1939.

Whereas, The Somersworth High School Building is found upon investigation to be of inadequate size to accommodate the increasing enrollment of pupils,

Be It Resolved: First: That the School Board of the City of Somersworth in recognition of the existing condition recommend the erection of a sufficient number of additional class rooms as may be deemed advisable.

Second: That the Chairman appoint a committee of two from the School Board, confer with the Mayor and City Council, ask favorable consideration of this matter and request that they provide the necessary funds for the satisfactory completion of a suitable number of additional class rooms as may be deemed necessary and their proper equipment.

The sum or sums of funds so expended not to exceed fifteen thousand (15,000) dollars.

Passed October 31, 1939.

Somersworth, N. H., October 31, 1939.

Whereas, the City of Somersworth is in dire need of erecting additional classrooms at the Somersworth High School to alleviate existing crowded conditions due to a greatly increased enrollment.

Be It Resolved: That a Committee of two be appointed by the Chair from the City Council to act with the Mayor and a like Committee chosen by the School Board of said Somersworth, both said Committees to act as a joint Committee in directing the

construction and completion of such additional classrooms as they may deem it advisable.

Passed October 31, 1939.

Somersworth, N. H., October 31, 1939.

Be It Resolved by the City Council of the City of Somersworth:

That this Council concur with the School Board of the City of Somersworth in its approval of the plans for the addition of classrooms at the Somersworth High School as submitted by J. Edward Richardson, architect, and hereby authorize the construction and completion of such additional class rooms agreeably to said plans; and the Building Committee, previously appointed on behalf of this Council to serve with an equal number appointed by the School Board of said Somersworth, is hereby authorized to direct the construction and completion of said additional class rooms at the Somersworth High School Building agreeably to said plans; said Building Committee at a regular called meeting may, by the affirmative vote of a majority of its members, make such minor changes in said plans as it may deem for the best interest of the City, but to be limited in its expenditures for the construction and equipment of said additional class rooms to the sum of fifteen thousand (15,000) dollars, except by specific vote of this Council.

Be It Further Ordered: That all acts previously done by said Building Committee in directing the construction of said additional class rooms at the said High School Building agreeably to said plans are hereby ratified, confirmed and approved.

Passed October 31, 1939.

Somersworth, N. H., October 31, 1939.

Resolved: That, in accordance with the Municipal Bonds Statute, and for the purpose of raising fifteen thousand (15,000) dollars for the construction and equipment of the additional class rooms at the Somersworth High School, the Finance Committee of the City Council and the City Treasurer are hereby authorized to prepare, issue and sell serial bonds to the amount of fifteen thousand (15,000) dollars. Said bonds shall bear the City Seal and be signed by the Mayor and countersigned by the City Treasurer. The proceeds from the sale of said bonds shall be applied exclusively in payment of claims incident to the construction and equipment of the additional class rooms at the Somersworth High School.

Be It Further Resolved: That the said Finance Committee of the City Council and the City Treasurer be and hereby are, authorized to fix the time and place of payment of said bonds, the rate of interest of such bonds to provide for the sale thereof.

Passed October 31, 1939.

Somersworth, N. H., November 9, 1939.

Be It Resolved by the City Council of the City of Somersworth:

That, in accordance with the Municipal Bonds Statute, for the purpose of raising thirty thousand (30,000) dollars, the Finance Committee of the City Council and the City Treasurer, are hereby authorized to prepare, issue and sell serial bonds, dated November 1, 1939, and payable May 1, $5,000.00 in each of the years 1941 to 1946 inclusive, in denomination of $1,000.00 each, Nos. 1 to 30 inclusive, payable to bearer, with interest at a rate not exceeding two and one quarter (2¼) per centum per annum. Said bonds shall bear the city seal and be signed by the Mayor and City Treasurer and countersigned

by the City Treasurer and City Clerk and shall be payable as to both principal and interest at the Somersworth National Bank, at Somersworth, New Hampshire, or the National Rockland Bank, at Boston, Massachusetts. The proceeds from the sale of said bonds shall be applied exclusively in payment of claims incident to the construction and equipment of new city offices to the amount of fifteen thousand (15,000) dollars, and the construction and equipment of additional class rooms at the Somersworth High School to the amount of fifteen thousand (15,000) dollars.

Passed November 9, 1939.

Somersworth, N. H., November 9, 1939.

Resolved by the Committee on Finance of the City Council of the City of Somersworth:

That the bonds, in the amount of thirty thousand (30,000) dollars, bearing interest at the rate of two and one-quarter (2¼) per centum per annum, dated November 1, 1939, and payable May 1, $5,000.00 in each of the years 1941 to 1946 inclusive, in denomination of $1,000.00 each, Nos. 1 to 30 inclusive, payable at the Somersworth National Bank, at Somersworth, New Hampshire, or the National Rockland Bank, at Boston, Massachusetts, be and hereby are awarded to Calvin K. Glover and Company, Boston, Massachusetts as per offer dated November 1, 1939.

Passed November 9, 1939.

Somersworth, N. H., November 14, 1939.

Resolved: That the principal and interest of the $30,000 bonds authorized by resolutions adopted September 13, October 31 and November 9 shall be payable only at the National Rockland Bank of Boston.

Passed November 14, 1939.

Somersworth, N. H., November 14, 1939.

Be It Resolved by the City Council of the City of Somersworth:

That the resolution as passed by said City Council at a Special meeting held November 9, 1939, be amended as follows:

Amend that part of said resolution which refers to the proceeds of the sale of the therein mentioned bonds so that said resolution shall read.

The proceeds from the sale of said bonds shall be applied exclusively in payment of claims incident to the construction and equipment of new city offices to the amount of ten thousand (10,000) dollars and the construction and equipment of additional class rooms at the Somersworth High School to the amount of twenty thousand (20,000) dollars.

Passed November 14, 1939.

Somersworth, N. H., December 5, 1939.

Resolved: That the Committee on Finance be and hereby is empowered to transfer from any department that may have an excess of appropriation, or from any money remaining in the Treasury not otherwise appropriated, and apply to such department as may have expended more than the appropriation therefor.

Passed December 5, 1939.

Somersworth, N. H., December 18, 1939.

Resolved: That the Committee on Finance be and hereby is authorized to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed sixty thousand (60,000) dollars, and that the proper officers of the city be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed December 18, 1939.

STREET COMMISSIONER'S REPORT

Somersworth, N. H., January 1, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: In accordance with the provisions of the City Ordinances, I hereby submit my annual report for the fiscal year ending January 1, 1940.

The past year the regular duties of the department have been carried on such as the collection of garbage, cleaning of streets, maintenance of our sewerage system, trimming and removing trees that were dangerous, removal of snow from roads and walks, and also the sanding of roads and walks which has become one of the major duties of this department.

Due to the conditions of our streets, it was deemed advisable to treat the following streets with oil to insure them for the future which resulted in the expenditure of $3,123.28 for oil on the following streets: Main, Elm, Indigo Hill Road, Washington, Orange, Fayette, Noble, Rochester, Green, Mt. Vernon, Grove, Prospect, Linden, Lincoln, Hamilton, Union, Franklin, Fore, Green, Myrtle, Hanson, Pearl, Pleasant, Horne, Third, Lee, Court and Chesley Ave.

The Cemetery Road, Salmon Falls and Indigo Hill Roads were treated with tar under T. R. A.

With the assistance of W. P. A. labor and under the supervision of the Highway Department, the Main street sidewalk project has been completed and a cement walk installed on the southerly side of Central street, and an asphalt walk on Locke avenue, also the extension of our sewer system. Water, Depot and Noble streets have been completed and given two coats of Tarvia.

The following new equipment has been added to this department: Mack truck, Ross snow-plow for sand, Burch sand machine and a street sweeper.

The following is an itemized account of expenditures for labor to December 23, 1939.

REPORT OF CITY SOLICITOR

Somersworth, N. H., January 2, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: I submit herewith my report for the year ending December 31, 1939.

There are three cases still pending in the Superior Court of Strafford County in which the City of Somersworth is party defendant. A petition for tax abatement filed by Strafford-York Gas Company has been referred to the State Tax Commission, and a hearing on it is expected shortly. The other two cases in which the City appears as party defendant No. 7312 Est. James P. Vincent v. City of Somersworth and Peter M. Gagne, Prs., No. 7313 Annette H. Vincent v. City of Somersworth and Peter M. Gagne, Prs., are expected to be disposed of at the February term of Superior Court.

Respectfully submitted,
Thomas J. McGreal,

REPORT OF THE TRUSTEES OF THE SOMERSWORTH PUBLIC LIBRARY

Somersworth, N. H., January 1, 1940.

To His Honor, the Mayor, and City Council:

Gentlemen: The Trustees of the Public Library respectfully submit the report of the Librarian for the year ending December 31, 1939.

The work of the Library has been conducted as in other years; no innovations have been attempted, owing to lack of sufficient funds.

The Trustees feel, however, that excellent work has been done during the year and the Librarian's report will be found interesting giving as it does, the statistics for the year.

John R. Hodsdon,
Secretary.

Comments on Balance Sheet

Exhibit A is a comparative statement of assets and liabilities as at December 31, 1939 and February 28, 1939. The new well has been completed and should operate at quite a savings to the city; that is, in cost of power, and labor costs. The water is pumped directly into the system by a fully automatic, low-pumping unit. The new well is being used to supply the needs of the city, and the old well is available for a reserve supply.

According to a recent analysis from the State Board of Health, the water from this new well is of the same grade and quality as the other well. A lime treating machine has been installed at the new well. The water contains certain acids which are detrimental to the pipes, and the use of this purification equipment should eliminate this condition.

During the year, two hundred and seventy-nine (279) feet of two-inch water main was installed from Central Park to the Dover line. In addition, a by pass was installed at the pumping station in order to pump the water directly from the well into the distribution system without going through the pumping station.

During the year, fifteen new services were installed, and twenty-four services were renewed. May I call your attention to the fact that most of the services have been in use for a period of forty years or more, and many will have to be renewed each year.

The bonds were reduced $3,000 during the year.

The contributions to Aid in Construction represent various P.W.A. grants and appropriations made by the city for the construction of the new well.

The accounts receivable outstanding at December 31 are considerably larger than last year due to the change in the fiscal year.

The old Chevrolet truck was traded in April of this year for a new truck.

Comments on Exhibit B

In reading the statement of operations one should bear in mind that the income is on the basis of twelve months, and the expenses are recorded on the basis of a ten-month period. Although the survey of the services is progressing rather slowly, enough work has been done to convince me that the final result will save considerable time and labor in locating gate boxes and service pipes.

Several small leaks developed in the stand pipe this year and these were stopped by corking, but I would advise extensive repairs and painting as soon as possible.

During the year numerous repairs were made to services, hydrants, and meters. In accordance with the usual custom, the hydrants were flushed periodically during the year.

Respectfully submitted,
Wilfred J. Michel,
Superintendent.

GENERAL RULES

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.

3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.
4. Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

REPORT OF THE LIBRARIAN

Somersworth, N. H., January 2, 1940.

To the Trustees of the Somersworth Public Library:

Gentlemen: Herewith is submitted the report of the Librarian for the ten months from March 1, 1939 to January 1, 1940.

The work of the Library has, as usual, been progressive, and our records show that nearly 26,000 books were circulated since March 1, 1939.

New books were added on the fifteenth day of each month, and since our appropriation is exceedingly small, book selection is one of the most important tasks which we have to render to the Library and its readers.

There is always the patron's insistent demand for "new books"—the latest best seller, there is the reader who wants some particular book on some particular subject, and there is always the need to buy books of real value which add definitely to the usefulness of the Library. All these, and other essentials, need to be given due consideration in book selection.

A total of 416 new books were accessioned during the time covered by this report.

Reconditioning and rebinding are no less important than the buying of books; 151 books are rebound at the bindery and over 100 were repaired and recovered in the Library.

The circulation which averaged over 2,500 a month is not large but the pressure of work never seemed greater. A record is not made of the number of questions asked and answered, as time spent in such

tabulation can be used to much better advantage; I can state, however, that the reference work increases every year. This reference work is not all done with the grade and high school pupils but much work is done with college students.

A most interesting collection of material relating to Daniel Webster has been started and this has been arranged in a specially built bookcase. At present the Websteriana is composed of a six-volume edition of "The Works of Daniel Webster," a volume of his "Diplomatic and Official Papers," two volumes of his "Private Correspondence," a volume of the "Great Speeches and Orations of Daniel Webster," thirty books about him, nine framed pictures of Mr. Webster, a letter written by him to "My Dear Lady," and an album of photographs of this distinguished New Hampshire gentleman.

Gifts of books have been received from Miss Theodate Bates, Mrs. Reba Lord Bigelow, Mr. George Gould, Mrs. Annie H. Mooney, Mrs. Edith L. Russell, Miss Dorothea Savithes, and Mr. Millard H. Webster, also several volumes from the Dover Public Library. These books are much appreciated and they have been placed on our shelves to form a permanent part of our book collection.

The following statistics give an account of the work done during the period covered by this report.

Statistics

Number of volumes in Library, Jan. 1, 1940 18,350
Number of volumes added 416
Of the 416 new books,
158 were adult fiction
212 were adult non-fiction
46 were juveniles
Of the 416 new books,
349 were acquired by purchase
67 were acquired by gift

Number of volumes rebound	151
Number of new registrations during the 10 months	164
Total number of persons holding library cards	4,330
The Library was kept open 210 days	
Total number of books loaned for home reading	25,806

Of this number—

20,856 were adult books
4,950 were juvenile books

Of this number 20,648 were fiction; the other classes of literature, numbering 5,158 were divided as follows:

General works	54
Philosophy and Religion	168
Sociology and Economics	524
Essays, Poetry and Drama	578
Natural Science	152
Useful Arts	440
Fine Arts	353
History and Travel	783
Biography	638
Current magazines	1,210
Books in French language	113
Pictures, Pamphlets, Music, Maps	145

One of the most discouraging and difficult phases in our daily work is our inability to supply enough current books, both fiction and non-fiction, to meet the demand. I can assure you that our need for a larger book fund is very urgent. If our book fund could be increased our circulation of books would certainly increase!

I conclude my report with this statement, hoping an extra amount may soon be added to our appro-

priation as the work of the Library would seem to warrant the added expenditure.

At this time I wish to thank the Trustees for their correctly cast and payments properly vouchered.

Respectfully submitted,
Leona H. Savithes,
Librarian.

REPORT OF AUDITORS
For the Year Ending December 31, 1939

To the Honorable Mayor, and City Council:

Gentlemen: We herewith submit our report as auditors for the year ending December 31, 1939.

We certify to having examined the books and vouchers of the City Clerk and Treasurer. We find the accounts to agree with the orders drawn on the Treasurer and the accounts correctly cast.

We have also examined the books of the Water Works Department, Tax Collector, City Messenger, Superintendent of Forest Glade Cemetery, and the Clerk of the Municipal Court, and find all accounts correctly cast and payments correctly vouchered.

Respectfully submitted,

Margaret Cray O'Connell,
Roscoe G. Edgerly,
Auditors.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

I have the honor to again present an annual report, it being my eleventh and the thirty-seventh for the city. As in previous years it will cover the School Year, 1938-1939 and not the City Fiscal year. The statistics given are few but it is hoped that they are such as will be of interest to the public. The reports of the Headmaster of the High School and that of the School Nurse, accompany my report. Both should be thoughtfully read.

TEACHERS AND ENROLLMENT

The Enumeration of School Children from 5 to 16 years of age, as taken in October 1939, by Mr. Fournier, Clerk of the School Board, gives the following figures:

Total children in the City	601 Boys: 558 Girls
Total registration in Public Schools	508
over 16 years	87
Total registration in St. Martin's Parochial School	577
Total registration in Holy Trinity Parochial School	121
Living in the City but attending High School or Academy elsewhere	12
Living in the City, but attending Elementary school elsewhere	4
Total number of children 5 to 16 years of age accounted for in schools	1128

Because of an increase in the High School enrollment in 1938, Miss Eleanor McGreal was added to the faculty, and is teaching English and History. The addition being built at the High School will give us two more class rooms and an enlarged manual

training room. However, we shall still want to make use of the old fire station for the storage of materials.

The teaching load of all the members of the High School faculty is heavy, and that of the Headmaster, too heavy, but no addition to the teaching force will be necessary next year unless the enrollment exceeds expectations. Indications are that it will be about 250. Incidentally if the number of boys increases by three, Somersworth High School will be in Class A in athletics. In performance we rate an A no matter what class we are in athletically.

On September 1939 the number of pupils entering the High School from St. Martin's Academy exceeded the number from the Chandler School.

While no public entertainments have been given by the public elementary school pupils, Armistice Day; Christmas; and Memorial Day exercises have been held and the public invited. Special programs or assemblies have been held during American Education Week and Fire Prevention Week. We are lacking chairs in both Burleigh and Chandler schools. We hope to secure a hundred folding chairs from our next appropriation. It was necessary to purchase 150 for the use of the High School this year.

We held the usual school exhibition in June and are planning to hold another one this year. Unless the exhibit is visited by more citizens it will be discontinued. If the public is not interested in the display it is not worth the time which it takes to make the display.

MILK BENEFIT

Again we wish to thank the Somersworth Theatre management for making possible free milk distribution to all those public school children who need it but cannot afford to pay the bill. We shall con-

tinue the distribution this year and no undernourished pupil who needs it, will be denied.

DENTAL CLINIC

Miss Murphy, State Supervisor of School Nurses, has repeatedly urged us to have a dental clinic but we have not been able to bring it about. We hope to do so before the end of the present year. Such a clinic should not serve those who are receiving dental care, or who can afford to employ their own dentist, but its service should be made available to those who would otherwise be without dental care.

BOOKS AND EQUIPMENT

Our book needs are being reasonably well met. As I mentioned in my last report, many of the Chandler School books are in need of replacement and the replacements are being made. This year new Geographies have been introduced, also a new edition of the Speller. The average length of life of a text book is about five years.

TESTING PROGRAM

The testing program of the High School is largely that recommended by the State Department of Education. In the Elementary schools we have used the Otis Group Intelligence Test; the Metropolitan Achievement Tests and the Standard Graduation Tests. In the Achievement Tests, Elizabeth Uniack made the highest score in the Supervisory Union. The median highest score of Durham Junior High School exceeded that of the Chandler School eighth grade by three tenths per cent, and the medians of both schools exceeded the standard set by the tests. In the Graduation tests, Somersworth scored the highest median.

TRANSPORTATION

The transportation provided both public and parochial schools in our city is unique in that pupils are

carried home to lunch. The added expense is very little and noontime supervision of pupils and lunches is not necessary. Our buses are good and our drivers are careful.

TRUANT OFFICER

During 1938-39 the janitors of the buildings acted as Truant Officers. No one liked the arrangement and this year Mr. Louis Hebert is both Transportation Officer and Truant Officer. The arrangement is giving satisfaction. Incidentally only one case of truancy occurred between October 15 and November 15, showing that efficient service brings results.

PHYSICAL EDUCATION

Athletics in the High School are well conducted and "pay their way". Your Athletic Director has made you a complete report and has called your attention to the fact that although we have a good field at the Noble Playground, its use by the High School is curtailed because admission to games cannot be charged. If this field were used for football games the sport would have to be financed from the public treasury. Somersworth should have a playing field available or make sure that the Central Park area will be always available. Our physical education program ought to be expanded. In the grades very little is being done. The Chandler School has no yard facilities and no indoor playing space. School Clubs help but cannot do much under the present set up.

ADULT EDUCATION

The Adult School under the W. P. A. was continued with interest being shown by those preparing for naturalization, as long as a local teacher could qualify. This year, because no local teacher was available, the school has been regretfully discontinued. This school should be made permanent.

SOME FIGURES

The public should be interested to know that the public school children of Somersworth and Berwick, largely Somersworth, deposited $1,835.22 in the Somersworth Savings Bank last school year, or an average of $4.04 per depositor. The bank balance of June 30, 1939 was $3,298.51.

In the State of New Hampshire for the school year 1938-39 the average per pupil cost in the High School was $79.02. The cost in Somersworth was $73.24. Costs ranged from $47.50 in the little school of 28 pupils in Pelham, to $128.65 in the Whitefield School of 93 pupils.

BUILDING AND MAINTENANCE

In my last report I recommended the treatment of the floors of the Burleigh and Chandler Schools with water wax. This past summer the Board put the floors in excellent condition. "Traveling men" comment on their good appearance. The Venetian blinds at the High School are an improvement and well worth the extra cost over shades. The rooms in the southeast side of this building become very warm in late Spring and early Fall and the blinds allow ventilation while keeping out the direct rays of the sun. The renovation of the High School has been completed and as I write these lines cement is being poured for the new addition. We are all sorry not to see a new gymnasium but the architect clearly showed us that to remodel the present room would cost as much as to build anew, especially if it should be enlarged to a standard size. The Burleigh School building is old and is frequently in need of minor repairs. The heating plants in both the Burleigh and Chandler Schools give good service but they have been in use for many years and we must expect frequent repairs. The Burleigh School should soon be painted on the outside and the window

frames and casings of the Chandler School should also receive paint. No major repairs are necessary.

In the passing of Mr. Ernest Lagueux, the City lost a valuable and conscientious servant. Teachers and pupils mourned his passing. Mr. Joseph Faucher is his efficient successor.

IN CONCLUSION

*"The changes of the last thirty years make it certain that never again will there be with us any large amount of employment for boys and girls under the eighteenth year. We have passed from an agrarian to an industrial civilization. The children now in school, are to live in a world of people and machines. They must be able to understand and to use machines with mastery. They must be able to live with people, to appreciate and to love them if possible, to endure them at any rate, for in an industrial civilization the life of each individual must be modified each day to adjust itself to the lives of the scores who share the same employment, public utilities, highways, and common activities. In our schools we are creating courses which will make good citizens, tolerant neighbors, interested readers, individual artisians, satisfied non-professional artists and homemakers.

Supt. of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

Each succeeding school year finds us with an ever increasing enrollment for which many causes might be attributed but probably the most suggestive is that most young people of today realize that desirable employment is almost impossible to secure unless one is a high school graduate. Even though this be the controlling reason for attendance of most, yet we find that our student body is extremely homogeneous, particularly in this, that they are all desirous of that sort of an education which will be of practical use to them when they leave high school. To them school is not a stop gap, neither is it a means of recreation. It is a serious business involving, in part, a desire for some cultural subjects, some vocational training, and to a very few it means preparation for college. But in all of these young people there is an inherent belief that without a properly educated citizenry, democracy will soon decay and our country become the prey of the less meticulous.

Thus, our student body being what it is, it becomes evident that some changes in the school curriculum must necessarily result from it. It is obvious that the course of study which served us some years ago, when approximately fifty percent of our graduates went to college, will be of little use to the young people of today since only six or seven percent of them intend to matriculate at the university. The interests of the 93 percent should be considered rather than those of the 7 percent. To this end we have, this year, dispensed with the three formal curricula, Academic, Commercial and Arts and we have combined the three into a single curriculum so that no longer is there any distinction among the

pupils as to curricula, and each is free to elect those subjects in which his greatest interest lies. In all there are but three required subjects; English is required of all pupils while Math is required of all Freshmen and United States History of all Seniors. All other subjects are elective with this proviso, that two subjects be taken for three years each and two subjects be taken for two years. The three year subjects are known as major subjects and the two year subjects are minors. Thus the student will be enabled to pursue those subjects in which his greater interest lies without subordinating his native talent to the blind guidance of a hard and fast curriculum. We feel that this departure from the traditional method will permit pupils to pursue subjects which are within their capacities and will not insist that they study subjects merely because they are listed as such in some particular course.

Perhaps the determining factor in refusing further sanction to the old Academic Course is the very limited number of our graduates who now go to college, and to the changes which the colleges themselves have suffered in recent years. Of the Class of 1939 three went to the U. of N. H., one to Plymouth Teachers' College and one to Wentworth Institute; approximately 10% of the class. In 1938 only 7% went beyond high school. Consequently it has been our endeavor to shape our curriculum around the needs of the 90 percent whose education is presumably ended with graduation rather than for the relatively small number who now go to college. Furthermore any of our graduates can enter the U. of N. H. (without difficulty) provided he stands in the upper half of his class on graduation.

Perhaps the greatest tribute to the popularity of these changes is to be found in the ability of our school to hold the young people. Today we have no truancy problem, young people much prefer to be

in school where the atmosphere is agreeable and the work is interesting. Furthermore they prefer to remain in school with some hope of bettering their status in life rather than to jeopardize their future by seeking, at an earlier age, a position as an unskilled laborer. Fifteen years ago fifty percent of the entering class would have left school before the expiration of the sophomore year; today the school mortality is less than 20%. Last June we graduated 53. We had enrolled 66 as Freshmen showing a net loss of 13 or 19%. This is a considerable improvement over our older records.

This year has likewise seen functioning for the first time a Student Council consisting of representatives from each of the four classes and organized for the purpose of assuming some of the responsibilities which have hitherto devolved upon the teachers. The Council has taken upon itself the task of patrolling the corridors when the classes are passing, and of arranging assembly programs for special observances.

This year has likewise seen the first substantial gift made to the school in recent years. The class of 1939 has presented to the school the sum of $46, with a desire that this sum be used as the nucleus of a fund which shall be raised for the purpose of purchasing a projection machine. Since visual education is now a matter of major interest in school work, the purpose of the fund appears to be the most logical which the class could have chosen. The school is, and always will be, very grateful to the Class of 1939 for its very generous gift.

It is very gratifying to us, also, to be able to report that this year's listing by the State Department of New Hampshire High Schools now attending college, places the graduates of Somersworth High School well up in the first quarter. This is a distinction of which we may well be proud.

Following is a tabulated form of our present curriculum, together with some suggestions as to the selection of courses in preparation for various types of work. While it is to be hoped that the matter of guidance will still remain largely with the teachers, we feel that a fuller knowledge of the nature of our curriculum by the parents will lead to a better understanding of the work of our school.

John R. Uniack.

REPORT OF SCHOOL NURSE, JUNE, 1939

To the Superintendent of Schools and Members of the School Board:

I have the honor of presenting to you my first annual report as School Nurse in Somersworth. I entered upon my duties January 3, 1939. This report, however, will cover the entire school year, September, 1938, to June, 1939.

Number of children examined	2091
Defective visions corrected	33
Defective teeth corrected	178
Tonsillectomies	36
Appendectomies	5
Mastoid operations	1
Communicable diseases found:	
Mumps	82
Chicken pox	97
Pediculosis	50
Pneumonia	1
Whooping cough	4
Skins	33

The Annual Milk Fund Benefit was held May 24-25 at the Somersworth Theatre. This is a worthy cause, from which 53 under-nourished children were provided with free milk, from November 28, 1938, to March 31, 1939. Many thanks are due to all those who purchased tickets for the benefit, the children who sold them, and to anyone who in any way helped to make this benefit a success.

On May 31, 1939, a T. B. Clinic was held at the Burleigh School under the direction of Dr. Kerr of Manchester, with the assistance of Miss Landry of Portsmouth and your School Nurse. Thirty-two

children were examined and I am happy to report that no symptoms of tuberculosis were found.

A clearer understanding of the necessary corrections of defective teeth, eyes, nose and throat has been made through home contacts. Parents have been very cooperative.

Each year more fortunate children are asked to bring clothes, shoes and rubbers for less fortunate ones, and these articles were distributed when needed.

Plans are being made for a Dental Clinic to be held in the Fall, which is necessary to the health and welfare of a good many pupils.

In closing, I wish to thank the Superintendent, School Board, Teachers and Parents for their splendid cooperation during this, my first year in the department of public schools.

Respectfully submitted,

Lucille B. Morin, R. N.,

School Nurse.
